Key Areas of Responsibility

Organisation

Communicating effectively to build positive and harmonious working relationships within the organisation

Represent Very Special Kids in a professional and appropriate manner according to the principles of the organisation

Key Performance Indicators

- Open and positive relationships with other staff
- Regular formal and informal communication across all teams
- Demonstrated commitment to teamwork, working within a multi-disciplinary team
- Engage in quality improvement through involvement in organisational relevant working groups and committees.
- Maintain and build the reputation of the organisation.

Community

- Championing conversations that highlight and celebrate the difference between community and hospital- based paediatric palliative care settings and promote awareness and understanding of choices provided at Very Special Kids.
- Engaging the skills, resources, knowledge, strengths and capacity of compassionate communities, to address the diverse needs of children, young people and families.

Key Performance Indicators

- Family support regularly maps and engages local community assets to better scaffold and support families.
- Very Special Kids develops culturally diverse and responsive care pathways for Paediatric Palliative Care and underrepresented groups.
- Meaningful and sustained relationships are created with key diversity stakeholders and community leaders.

Family

- Understanding, identifying, and addressing relevant psychosocial factors that influence family, healthcare, and other relevant systems.
- Provision of end-of-life and after death care as part of a multidisciplinary service delivery team.
- Building parents/guardians/families capacity to support themselves, their children and young people, and their community throughout their paediatric palliative care and bereavement experience.
- Identifying and mitigating barriers to access, particularly barriers that stem from intersecting experiences of disadvantage.
- Establishing a culturally safe environment in which the diverse and unique identities of individuals and families are respected and valued.
- Development and delivery of therapeutic group programs and attendance at key events as required,
- Documenting plans, outcomes, communication, consent and risk according to organisational guidelines and relevant legislation.

Key Performance Indicators

- Support is provided in accordance with the Scope of Practice.
- Family's needs are regularly assessed, and service impact more effectively measured.
- More people in the community understand the impact of caring for a child with a life limiting condition.
- More people in the community understand the impact of having a child or young person die.
- Families have agency over the way they engage with our services and confidence advocating for their needs.
- Families are more supported and connected to a community of people that care.
- All records maintained in accordance with the Very Special Kids policies and procedure guidelines.

Volunteers

- Collaborating effectively with our volunteer services team in the planning, delivery and evaluation of program work.
- Engaging with our volunteer community to strengthen and build capacity in paediatric palliative care.
- Providing supervision of volunteers including adequate briefing, debriefing and feedback opportunities.

Key Performance Indicators

- Mentor, supervise and support volunteers to contribute to program delivery and quality improvement.
- Volunteers feel engaged and supported.
- Volunteers make up an integral part of the very special kids community.

Quality, Safety, and Improvement

Very Special Kids employees have a responsibility and accountability to contribute to the organisation's commitment to Quality, Safety, and Improvement by:

- Complying with the principles of the Victorian Child Safe Standards
- Acting in accordance and complying with all relevant Safety and Quality policies and procedures
- Identifying risks, reporting, and being actively involved in risk mitigation strategies
- Participating in and actively contributing to quality improvement programs
- Complying with the requirements of the National Safety & Quality Health Service Standards
- Complying with all relevant clinical and/or competency standards
- Complying with the principles of Patient and Family Centred Care that relate to this position
